

SITE TO HASH™

FROM RAW LAND TO REVENUE.

Site to Hash™ is AlbertaHash's end-to-end development service that takes your project from raw land to a fully operational, revenue-generating mining site.

ONE PARTNER. EVERY STEP.

SITE SOURCING & ACQUISITION

We identify and secure the right land for your project.

FEASIBILITY & POWER STRATEGY

We validate the opportunity and design a power solution that scales.

PLANNING & PERMITTING

We navigate municipal processes and secure all required approvals.

UTILITY COORDINATION

We manage interconnection, power agreements, and utility execution.

ENGINEERING & CONTRACTOR MGMT.

We engineer, procure, and coordinate the right teams to build it right.

BUILDOUT & LOCK UP

We deliver complete construction to secure, energized lock up.

COMMISSIONING & DEPLOYMENT

We bring systems online and get you hashing.

WE HANDLE THE COMPLEXITY. YOU CAPTURE THE OPPORTUNITY.

Real projects. Real infrastructure. Built for Alberta.
